EXCELLENCE IN LUBRICANTS

COMMERCIAL

FLUIDS & LUBRICANTS

LUBRICANTS FOR ALL SECTORS

Contact your Area Sales Manager if you require one of the following brochures from our Lubricants and Fluids Range, alternatively visit www.exol-lubricants.com/downloads for an electronic copy.

STATEMENT OF QUALITY

Exol products are supported by O.E.M. approvals, acknowledgments and registrations and a quality guarantee of being of “parts of matching quality” under European Block Exemption Regulations.

These lubricants can be used for vehicle servicing without invalidating the vehicle or replacement parts warranty, providing the application is as given in the Exol Technical Data Sheet.

* Providing the lubricant specification required by the vehicle manufacturer is detailed on the product label or Technical Data Sheet.

COMMERCIAL

Exol's commercial vehicle lubricants satisfy the needs of the most modern trucks and buses as well as older models. The exhaustive range features low SAPS, fully synthetic engine oils, long drain semi synthetics and traditional mineral oil grades as well as sophisticated automatic transmission fluids, manual gear oils and ancillary products.

Exol Lubricants is proud to produce and supply the highest quality products that have been approved by Original Equipment Manufacturers (OEMs), for full details please visit Exol's website and select Product Approvals.

Find the right oil for your vehicle with Exol's free online Which Oil look-up, visit www.exol-lubricants.com

Technical Data and Safety Data Sheets are available to view and download through Exol's website product pages.

FLUID CHECK

Providing fluid analysis & diagnostic services for:

Power Generation & Distribution, Road & Rail Transport, Construction, Mining, Industrial and Marine

What Is Fluid Check?

Fluid Check analysis is Exol Lubricants' market leading complete fluid analysis programme for monitoring all types of fluid lubricated and insulating oil systems.

In all cases your machinery represents a significant investment by your company and it is so critical it remains operational at all times. Failure of your machinery can result in loss of operation, with associated costs running at times into thousands of pounds an hour.

Imagine if your business was suddenly unable to provide its services or product, consider the damage it could do to your business and your customers' confidence in you to deliver on time or even at all...it must not happen - if it can be avoided!

Our aim is to help you succeed in making the most of your vehicles and machinery through reducing unplanned downtime, extending oil drains and detecting potential future failure...before they happen!

TECHNOLOGY THAT WORKS FOR YOU

All Exol products are supported by our experienced technical department and team of area sales managers. Our technical support is second to none.

For further information please contact us:

Email: info@exol-lubricants.com

Tel: +44 (0) 121 568 6800

Exol's technical department draws on over 60 years of oil industry experience and expertise, and is here to help you match the right product to the right application. They are also on hand where you have problems, or special requirements.

We take great pride in ensuring that our products are truly worthy of our motto, "Excellence in Lubricants".

Exol's market-leading technical support and partnership program is supported by our comprehensive laboratories at both Wednesbury and Rotherham sites.

Technical Support Initiatives:

- Lubricant advice by phone, email and VRM Look Up
- Recommendation on the correct use of our products
- Lubrication problem solving
- Product information
- Safety and technical datasheets
- Sample analysis on all lubricants through Fluid Check program
- On-site technical support

HOW TO FIND THE PERFECT OIL

To ensure you are picking the correct oil for your vehicle, Exol's OIL Check couldn't be easier:

www.exol-lubricants.com/oil-check

Simply enter your car registration

User friendly on-screen instructions

Safe in the knowledge you have the correct information

Simply enter the vehicle's registration number and we'll do the rest. We can then provide you with an overview of the optimum lubricants for your vehicle.
